

# Maxime Delgado *Business student and projects builder*

Hello ! I'm a second year master student in an international business school in Paris and I'm a project builder. I started at the age of 16 with my own project AppWin. Thanks to a great internship at TVTY and a 6 months studying in Finland, I understood that I really want to orientate myself into project building at an international level.

Feel free to contact me by mail : [hello@maximedelgado.com](mailto:hello@maximedelgado.com) or by phone : +33 6 59 92 65 93
